

Dated: 2nd June, 2014

To Whomsoever It May Concern

Sub: Authorization for 11KV switchgear panels

Dear Sir/Madam,

This is in reference to the above subject. We wish to confirm that M/s. Technocrafts Switchgears P Ltd, Mumbai with their Head Office at A-1020, Oberoi Garden Estate, Chandivali Farms Road, Chandivali, Mumbai – 72, are an Authorized System House/ OEM Partner of ABB for manufacturing MV panels from 3.3KV to 33KV using ABB make Vacuum / SF-6 Circuit Breakers.

M/s. Technocrafts would participate and offer their switchgear panels for above inquiry with ABB make 11KV VCB breaker type VD4 & accessories.

In frame of the above, we also wish to assure and ensure that the panels offered by M/s. TSPL complies with the latest IS/IEC standards and their design and manufacturing process is validated under our technical norms from time to time.

We ensure total compliance to your requirement and we recommend and confirm performance of TSPL panels for various projects executed by ABB EPC team in the past and also for ongoing projects.

Thanking You

Yours Sincerely

For ABB India Ltd.
